We'd like to introduce you to Oasis...

A unique perspective in commercial grounds maintenance and landscaping.

We have the enviable status of being members of the British Association of Landscape Industries (BALI). We are recommended, vetted and monitored by Checkatrade, and we are a Marshalls' approved landscape contractor and driveway installer.

Your clients never get a second chance at making a first impression with their customers...

From: housing estates and associations, council buildings and property management companies, to schools, colleges, sports grounds and churches;

we maintain over 100 commercial sites and pride ourselves on building long term relationships, consistently delivering a high standard. Through careful quality control we monitor sites regularly, and our state-of-the-art machinery ensures that your grounds and gardens provide a first impression that really counts.

Our staff are chosen based on their individuality, their knowledge and experience of the industry. We have the capacity to handle multiple contracts without the use of contractors.

"Oasis provides grounds maintenance services twice a week to a large scale office block in Woking and a business development site in Windsor. Professional, efficient and competitive – we will be using them for future contracts"
